<b>Artist</b>	<b>Faith Bebbington</b>
<b>Workshop</b>	<i>Create 3D Wallpaper with Recycled Materials</i>
<b>Details</b>	<p>The group will create low relief sculpture using a combination of recycled materials. Faith will start by introducing her own work, showing examples of sculptures she creates online and bringing sculptures to handle.</p> <p>Participants will learn basic construction techniques using newspaper, tape and wire to build their own 3D piece. The class will be split into small groups (5 or 6 students) each making a 3D artwork. All the separate pieces will then be mounted on a background to create the final 3D wallpaper.</p> <p>The wallpaper can be based on a theme chosen by the school. If no theme is specified then influences can be drawn from William Morris as a starting point to produce 3D fruit, flowers, plants and birds.</p>
<b>Age Range</b>	Primary Year 5 or 6 / Secondary Year 7, 8 or 9
<b>Materials</b>	<p><b>Provided by artist:</b> all materials and resources provided including wire, bamboo, cardboard, newspaper, adhesive tape and coloured tape.</p> <p><b>Provided by school:</b> collect recyclable materials such as newspaper, plastic milk bottles, cartons etc.</p>
