

Artist Led Workshops

dot-art Schools works with a wide range of artists to offer your school one-day artist-led workshops in a variety of different techniques, media and subjects. All our workshops are delivered by experienced artists with full DBS clearance and public liability insurance, and can be tailored to meet your specific requirements. Find out more about our artist workshop leaders:

Artist	Julie James-Turner
Workshop	<i>3D Bird Sculptures</i>
Details	<p>Create quirky 3D bird sculptures using UK native birds or imaginary birds as inspiration. 3D bird sculptural models are first designed by the children then constructed using bendable wire and foil to create an armature (skeleton). Then by using papier-mâché techniques children can easily define the 3D form. To decorate the birds, children can use paint or use a mixture of printed, coloured paper and/or tissue paper in a collage technique. The outcome will be to create a stunningly decorated sculptural 3D quirky bird.</p> <p>This workshop aims to; research different birds looking at shape, form and colour; translate ideas about a chosen bird into a drawn design; create a 3D form from a design idea using various creative techniques; use colour and texture to create decorative plumage for the bird sculpture.</p>
Age Range	Early Years and Key Stages 1, 2 & 3
Materials	<p>Provided by artist: modeling wire and foil. Acrylic paints, various papers and PVA glue can be provided if not provided by school. (+£85 materials)</p> <p>Provided by school: acrylic paints, paint and glue brushes, pots and palettes, PVA glue (+£50 materials)</p>
Cost	££275 (dot-art Schools Participant) / £295 (non-participant) + £85/50 for materials
